

**Participation in International Life Skills, School Health and Well Being Summit 2012**

A team of four students and two teachers attended the CBSE International Life Skills, School Health and Well Being Summit 2012 at New Delhi from 19<sup>th</sup> to 20<sup>th</sup> April 2012. The participants were Sidhikant Mishra, Utkarsh Agarwal, Ishani Das and Arundhati Dutta of class X and they were very ably guided by Mrs Sunita Mishra and Mr Pankaj Das, teachers from the Science faculty. These two days' Summit allowed the students to

participate in various activities and workshops. The life skills activities done in the School was very well portrayed in an exhibition in which every participating School was given a space to represent their School. The teachers attended leadership workshop and the students also took part in Health Quiz competition, elocution and Youth Parliament quite successfully.

Mr Vineet Joshi, Chairman CBSE was the chief Guest of the event, Dr Kapil Sibal, Minister of HRD inaugurated the exhibition. **Prof. (Dr.) Gilbert J. Botvin**, Program Developer, Botvin Life Skills Training, Professor of Public Health &

Psychiatry, Director-Cornell University Inst. of Preventive Research, New York, USA . **Prof. (Dr.) Vijay Chandra Regional** Advisor, Mental Health & Substance Abuse, World Health Organization – South East Asia Region and **Prof. Jim Tognolini** Senior Vice President, Research & Assessment Pearson Global Strategy and Business Development Pearson

International, Sydney, Australia were the stalwarts who conducted the whole event. There was participation of around 11 schools. The other attraction was Lotty Alaric, celebrity anchor of Loksabha TV, who compered the youth Parliament.

## Virtual class with Partner School in UK

The British Council Global School Partnership is an integral part of the school activities. Several events, projects and teacher student exchange visits are part of the program. The partner Schools are connected through video conferences and exchange of mails, letters etc.

The children of class VII and VIII participated in a Mathematics virtual Class on 19<sup>th</sup> April 2012. The students of both the Schools under the guidance and supervision of the teachers played a Maths Games together and scored points. It was a very interesting activity which was not only a collaborative project but also helped the children learn some mathematical tricks. It was learning by doing and the students of both the partner Schools enjoyed participating in the Game and are also looking forward to more such activities.

### Another International Activity

Our students shared their daily clock with the students of Winterbourne Academy, Bristol UK, our partner School on 24<sup>th</sup> April 2012. The British students shared their daily routine with our students earlier and in exchange our students also represented their daily life with them in a pictorial form. This activity will be done by several Schools of the world for a UNICEF publication, to compare similarities and differences of students and their daily activities.

## Net Ball Tournament in the School

The Net Ball Development Trust conducted a Net Ball tournament in the School premises on 19<sup>th</sup> April 2012. Four schools of the city participated in the Game and over 50 students participated in the tournament .The

participating Schools were SAI International School, the host, KIIT International School, ODM public School and

KISS, Bhubaneswar. SAI International School received the Fair Play award. This tournament was represented by Mr. Aditya Bee from the NDT, UK and organized by Mr. Rajiv Nath, coach of the host School.
