

SAI Shines in the Galaxy of Success

SAI International School awarded Global School Partnership Honors (2003-2012)

SAI International School has touched another peak of success with the British council GSP Honors in two categories. It is another sparkling achievement for the school being the only one in the State, one of the six schools across the Eastern region and 38 schools in the country to have made it into two important categories-- Partnership Sustained Beyond GSP Funding and Innovative Project Implemented in a Partnership (primary).

The Global School Partnerships (GSP) programme is a British Council initiative that promotes partnerships between schools in the UK and schools in Africa, Asia, Latin America and the Caribbean. This program has proved to be a powerful way of introducing global issues into the lives of young people around the world by broadening their horizons and deepening understanding. This School partnership program aims to—

- increase young people's understanding of global issues
- equip young people with skills and knowledge to become active global citizens
- ensure young people's commitment to a fairer, more sustainable world

SAI International School has been participating in this Global venture since the beginning and has successfully completed teachers and students exchange visits with around four schools of UK contributing towards enriching and enhancing global education in the School and helping children become global citizens of tomorrow. Sustaining a partnership is a challenge, and SAI has taken it and sustained it year after year, for the benefit of the whole school development.

The GSP award is conferred on the School for the exemplary work done in developing and sustaining global school partnerships activities. The Chairman of the school Dr B.K. Sahoo and the trustee Mrs. Silpi Sahoo will receive the award at the Annual British Council School Awards Ceremony to be held in Mumbai on 19th of November this year. SAI will continue to meet global standards in its ongoing mission to provide the best for its students and staff. The announcement of the award was an exotic delight for the whole SAI team.
