

Concert by maestros

Dr Kamala Shankar the famous classical guitarist visited the school on 28th July. A lively and electrifying concert touched every one's heart. She was accompanied by the famous tabla maestro Pandit Umesh Ch Kar. This was an initiative of Spic Macay. SPIC MACAY or Society for Promotion of Indian Classical Music And Culture Amongst Youth is an organization that affirms- a priceless cultural heritage rooted in, what is essentially Indian. It facilitates an awareness of their deeper and subtler values providing a stage for an informal interaction between the students and artistes, and help to create & fine-tune a future audience. The students from classes VII to XII enjoyed the rendition in rapt silence. They interacted with the artists to know more about music.

Dr. Kamala Shankar, a renowned exponent of Indian Classical Guitar & Vocal music, is the first lady Guitar Artist to have enthralled the world through her immaculate and melodious rendition of music. She has attracted worldwide attention by successfully converting the Western Hawaiian Guitar into **Shankar-Guitar** which has overtones of classical Veena unlike its western cousin.

Pandit` Umesh Ch Kar is a recognized and the only special graded Tabla artist of AIR and Doordarshan from Orissa.

He has participated and performed in different seminars both at National and International level,

Accompanied artists of international repute like Pandit Yasraj, Pandit RabiShankar and many more.

He is a recognized Ph.D. guide of Utkal University for Tabla He has been awarded both in the country and abroad for his remarkable performances and contribution to Tabla both at National and International level.

CELEBRATION OF INDEPENDENCE DAY

The 63rd Independence Day was observed in the school on 15th August in a serene atmosphere with patriotic fervor. The tri-colour was hoisted as the tune of the National Anthem vibrated all around, thrilling the hearts of everyone present. The students could not participate in the programme as the Govt. had banned assemblies due to the spread of Swine Flu epidemic.

SCIENCE MODELLING CONTEST

A science modelling contest and Skit competition was organised in the School in the month of August. The whole corridor was packed with innovative Science models and projects. Budding Scientists tried their best to showcase their scientific skills. Children all decked up as different characters performed to show their excellence in their acting skills.

DESIGN FOR CHANGE SCHOOL CONTEST

Our School is the Zonal partner of the DESIGN FOR CHANGE School contest. This is a movement that can bring big change in small ways by the younger generation. The children of today can change the world for a better place. As said by the founder Director

Kiran Bir Sethi “One Idea, One Week, One Billion lives to change”. The School invited all the Principals of different schools on 6th

of August to have an interface and disseminate information about the contest. Our Counsellor Meeru Khanna presented the details before the invited guests and some of our students also expressed their views.
